FEBRUARY BREAK SPECIAL PROGRAMS AT GENEVA PUBLIC LIBRARY

During Geneva School District's winter break, our Youth Services Department held Super Mario Bros Week. There were programs every day and we were pleased to have a fantastic turnout for each. We were also delighted to be able to use our almost finished Community Room for the Mario Kart races on the last day of the program
-Nicole Pilet.

AND NAPLES LIBRARY

During February break we invited everyone from our community to participate in building a Lego display for the library. Our program was titled "The Diversity of Lego" where kids and adults were encouraged to create something unconventional with their Legos. We had some great submissions!

GEARING UP FOR THE ECLIPSE

AT NAPLES LIBRARY

Ally and Mora have been hard at work the last few months planning our Community Eclipse Party. We partnered with RMSC Cumming Nature Center to bring educational programming to our community before and during the eclipse. We can't wait!

AND AT WADSWORTH LIBRARY

Eclipse Events at Wadsworth Library

- The Great Solar Eclipse: Dr. Anne Pellerin, astronomer and physics professor from SUNY Geneseo, will talk about the great solar eclipse coming up in April.
- Ode to the Sun: Join local artist Kim Lee and paint an acrylic solar eclipse portrait. This eclipse lasts forever, no glasses needed!
- Eclipse Science for Kids: Hands on eclipse science activities!
- Eclipse Glasses Giveaway: The library will begin giving away FREE eclipse viewing glasses on Tuesday, March 19 on a first-come first-served basis, until gone.
