

- How was 3% figure determined
- Is the 3% from AV or total materials budget
- What is REALLY driving the creation of this document
- Could one library's agreement to go over 3% offset (unofficially of course) a small library's reluctance to go 3%?
- What happens if a library doesn't pledge? How does a pledge differ from a contract?
- Are members of the proposed OWWL2GO Committee already selected by virtue of the fact they have offered?
- Is the amount of time needed for selection too time intensive for Ellen and that is part of the reason for creating a committee?
- Why the need to agree to best practices – wouldn't any librarians worth their salt would be purchasing with those in mind at all times?
- Why do libs that purchase individually have to track their own stats?
