

# New in OWWL.org:

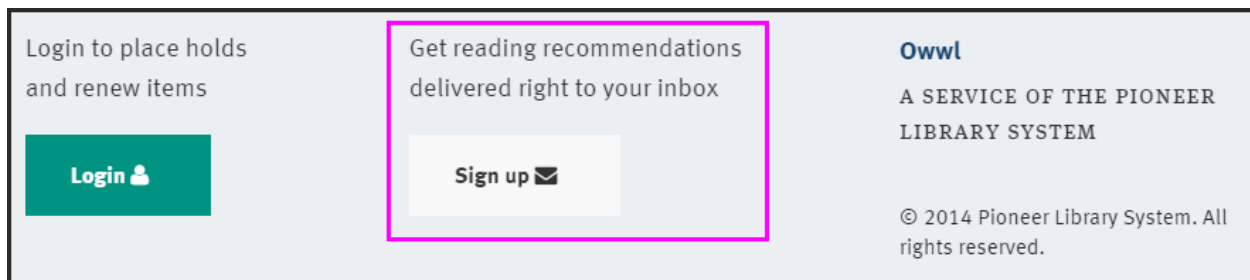

## Recommended Reading newsletters

As part of our NoveList subscription, we and our patrons can sign up to receive any of over 25 themed book list newsletters via email. List topics cover adult fiction genres, adult nonfiction subjects; childrens, tweens, and teens books; audiobooks; book display ideas for library staff; and New York Times Bestsellers.

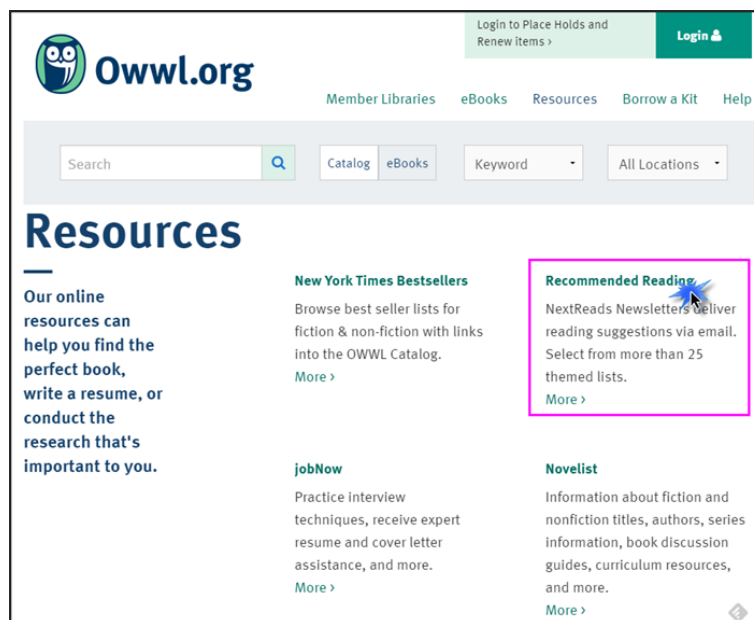

The titles included in the lists are linked to the online catalog. Patrons can click a title to start a title & author catalog search which will pull up all matching records currently owned by OWWL libraries. So even if lists are not explicitly for large print materials, downloadable books, etc., patrons who prefer those options can still benefit from the lists.
