### PLS Plan of Service and Goals

Cassie will review results of the January 2012 system services survey and ask for feedback about draft goals for the 2013-2016 Pioneer Plan of Service. Come share your ideas about suggested activities around those goals.

The Plan of Service is a planning document required by the NYS Education Department which identifies, organizes, and provides an overview of the library system's service program.

The Plan emphasizes what the library system proposes to accomplish and whom the library system serves. It also demonstrates how the library system anticipates it will fulfill the major roles expected of library systems.
