Q3. What was your most beneficial takeaway from this workshop?

Do what you can with what you have, where you are.

That time management is more about me than it is time.

Knowing that so many others felt the same way I do!

Validation- I'm not the only person with time management issues!!

Hearing from others in the audience as well as the speaker... It was a good chance to have informal sharing about a topic that affects all of us.

The feeling of positivity that I left with.

Q4. What is one aspect of the workshop you would like to learn more about?

Managing and delegating staff.

He mentioned this was the first time he'd given this talk - if he has more, I'd love to hear them.

Very detailed. Everything was well covered by the presenter.

nothing

Q5. Is there anything else you'd like to share about the System Meeting?

I found the meeting to be very productive and interesting. I understand how important technology is, but it is very beneficial to address other areas that affect all of us in how we perform our jobs. Always enjoy hearing what other libraries are doing. Also like being updated on issues and improvements that Pioneer has coordinated. Thanks to all of the Pioneer staff for making the monthly meeting a worth while meeting to attend.

One of the better topics. I can see this making some positive changes in my work & home life. It's always good to get together with our colleagues.

This speaker was one of the best we've had in a long time. I'm so glad I could make this meeting!

Excellent speaker! Very engaging.

It would be nice if there could somehow be a standard 5 minute window between the Birds of a Feather sessions and the start of the System meetings - to allow for time to move from the computer room to the main room and find a seat.
